

PUNCH TOOL

- FEATURES:**
- Punching the different kind of metal sheet up to 12mm.
 - It can match hand pump CP-700 or electric pump

Item No: CH-60

Max thickness of sheet	10mm
Punching force	31T
Depth of throat	95mm
Height	approx.390mm
Weight	approx.13.5kg

Accessories:

3/8" (φ 10.5), 1/2" (φ 13.8), 5/8" (φ 17), 3/4" (φ 20.5)

Note:it used for Cu/Al plate

Item No: CH-70

Max thickness of sheet	12mm
Punching force	35T
Depth of throat	110mm
Height	approx.390mm
Weight	approx.28kg

Accessories:

3/8" (φ 10.5), 1/2" (φ 13.8), 5/8" (φ 17), 3/4" (φ 20.5)

Note:it used for Cu/Al plate

Item No: SYD-35

Max thickness of sheet	1.5mm
Punching force	12T
Depth of throat	100mm
Height	approx.405mm
Weight	approx.12.5kg

Accessories:

φ 26- φ 35

Note:it used for stainless steel sink

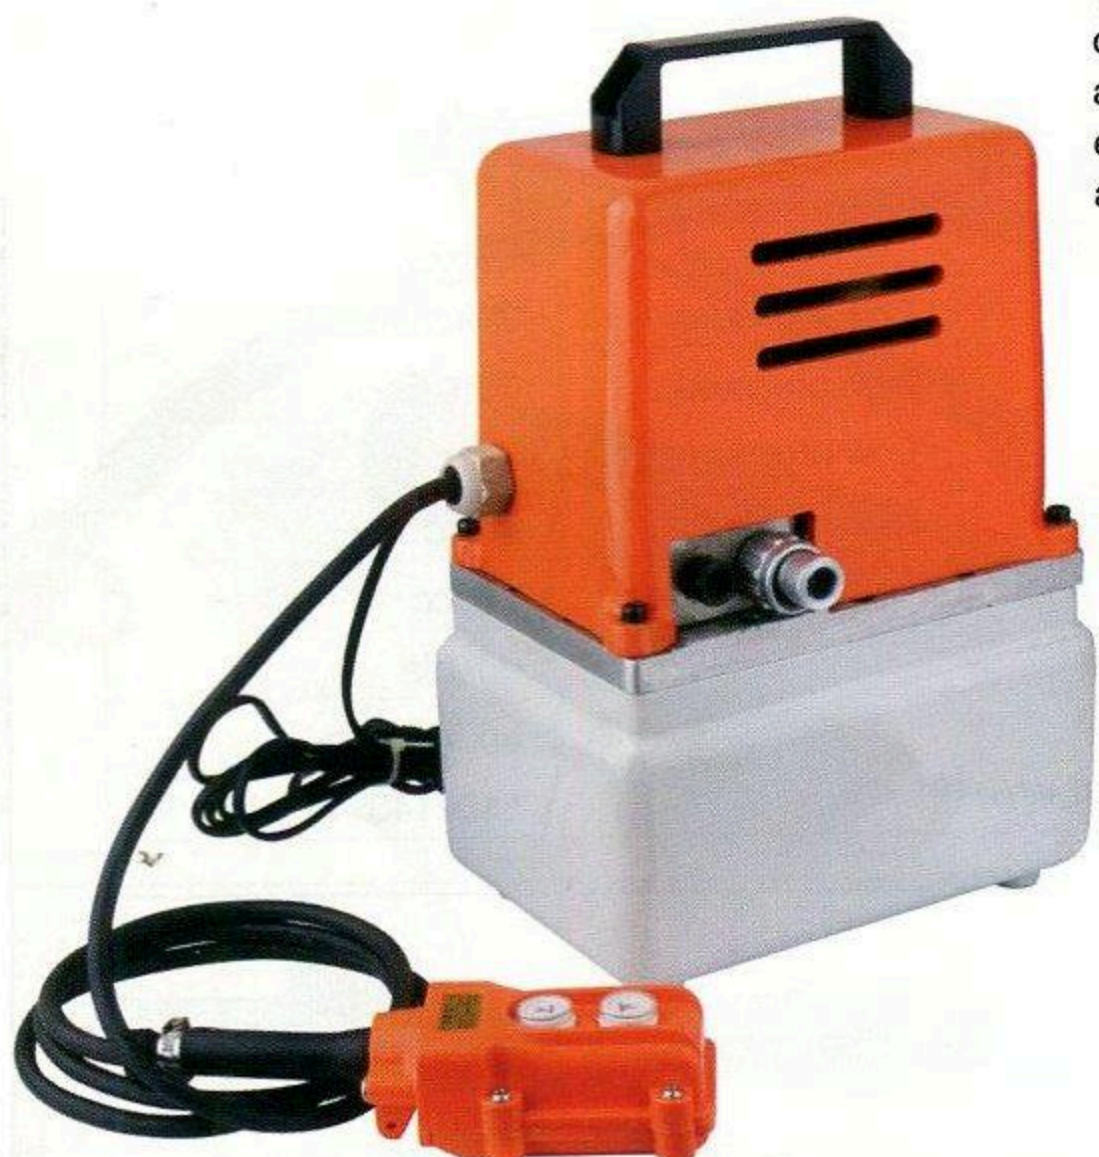

ELECTRIC PUMP

FEATURES:

- Two stages pumping system for rapid advance
- Adjustable output pressure to 700bars
- Visual oil level
- Wired remote control
- With two meters of hose

TEP-25A remote operated pump gives the operator complete control. Push buttons permit the operator to advance and retract at will. The operator is never committed to a full cycle, and can always back off at any time during the advance even under pressure. This feature increases efficiency because cuts and crimps can be adjusted as necessary, simply by stopping the advance or retract mode.

Item.No:TEP-25A

Rated output:	450W	
Motor voltage:	220V/380V	
Rated pressure:	700bar max(1000psi)	
Capacity:	High	high pressure 0.5L/min
	Low	Low pressure 3.0L/min
Height:	approx.370mm	
Weight:	approx.20.00kg	

3-phase motor or 2 phase motor

Item.No:ZCB6-5

Rated output	0.75Kw	
Motor voltage:	220V/380V	
Rated pressure:	High	63Mpa
	low	2.5Mpa
Capacity:	High	0.8L/min
	low	5L/min
Height	approx.470mm	
Weight:	approx.30.00kg	

Item.No:ZCB6-6 half closed style

Rated output	0.75Kw	
Motor voltage:	220V/380V	
Rate of output:	High	0.8L/min
	low	5L/min
Height	approx.370mm	
Weight:	approx.20.00kg
